Motori autofrenanti, trifase una velocità – Brake motors, three phase, single speed – Moteurs avec frein, triphasé une vitesse – Drehstrom-Bremsmotoren eine Drehzahlstufe – Motores autofrenantes, trifásico una velocidad

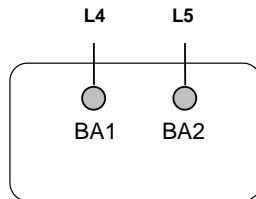

Collegamento motore - *Connection motor* - Connexion moteur - *Schaltung Motor* - Conexiòn motore

L1 - L2 - L3 = Linea - *Supply* - Reseau - *Netz* - Red

Per invertire la rotazione invertire due fasi - *To change the rotation reverse two phases* - Pour changer le sens de rotation inverser deux phases - *Zur Drehrichtungsänderung zwei Phasen vertauschen* - Para invertir el sentido de rotación *invertir dos fases*

Collegamento freno - *Connection brake* - Connexion frein - *Schaltung Bremse* - Conexiòn freno

L4 - L5 = Linea - *Supply* - Reseau - *Netz* - Red

Freno monofase C.A. con alimentazione separata - *A.C. single phase brake with supply disjoined* - Frein monophasé C.A. avec alimentation sépare - *Ein-Phasen Bremse mit separatem Anschluß* - Freno monofásicos C.A. con reten desunida
